

## FASBIG - School Management System

FASBIG is everything you need to manage your school, in one place. From collecting fees to monitoring student/teacher performance and more, it gives you more time to focus on what truly matters.

Whether your school is private, public, international or charter, FASBIG offers features that meet all of your student data management requirements.

Our unique, integrated modular design creates a seamless flow of data throughout and ensures that you only purchase what you need.

FASBIG offers solutions for every area of your school as it is a complete school management software that helps to easily manage student/teacher profiles, fees, exams, academics, attendance, communication and admin tools.

### - Collect fee payments on time, every time.

Using our customizable system, you can set up sms reminders to be sent to late payers a few days before you remind everyone else.

### - Never worry about losing important records again.

Everything you need is up-to-date and it's always stored in secure cloud storage, making it accessible from anywhere.

### - See the bigger picture with visual data.

Our rich graphical dashboard shows you just what's going on in your entire educational system without having to read lengthy reports.

### - Save money by getting things done quicker.

Our system stays busy taking the fuss out of everything so you have all the time in the world to do what really matters.
